

WORKSHOP ON CLOUD COMPUTING AND MOBILE APPLICATION DEVELOPMENT

The MCA department of DAVIM in association with IBM Business partner HeadStart Education organized a Workshop on Cloud Computing and Mobile Application Development, 12th and 13th September in the Institute for the MCA student as an initiative under SDP. The facilitator was Mr.Prashant, who has more than five years of experience of working with IBM. The workshop which spread over two days was designed to provide an inclusive and meaningful learning. It was designed to enlighten the students on the current technology trends which would enhance their performance as budding professionals. The Head of the Institute, Dr. Neelam Gulati, appreciated the efforts of the organizers and encouraged the students to attend more of such sessions which would help them in future to be efficient Computer Programmers. She postulated that at DAVIM, the betterment of students has always been the prime motive of studies. She wished that such programmes would be organized more often.
