

## FDP ON "USE OF ICT IN EDUCATION FOR ONLINE & BLENDED LEARNING"-IIT BOMBAY

IIT-Bombay X is a non-profit online platform created with funding from National Mission on Education through Information and Communication Technology (NME-ICT), Ministry of Human Resource Development (MHRD), Government of India (GoI). They organized AICTE approved FDP for the Management and IT Faculty. The FDP was to train our faculty to effectively use ICT in education, to enable them to enhance the quality of education. The course empowered participating teachers to use technology effectively and to understand the pedagogy associated with such usage, for online and blended learning. The faculty learnt a new technology - Screenomatic, through which they can upload the Audio-Visuals of their lectures on you-tube, which would further help the students to watch and learn on-line. Through TPS activity, Think, Pair and Share, the faculty learnt to work effectively and efficiently in team. Hence, such FDP's take the teaching of the faculty to a higher level and make them better role models.

## EDUCATION EXPO

The road to success is taken from guidance from the experts. To give the students the right guidance during the admission days, Huda Convention Centre had organized an Education-Vision Expo, in which DAV Institute of Management participated along with other institutes and briefed the students about the various courses being run in DAVIM since its inception. The medical, non-medical and commerce students came in large numbers and were guided by the counselors on what to choose as their career path so that they can utilize their skills effectively and be efficient future leaders. The counselors were satisfied with the over-whelming response of the prospective students.

## FACULTY DEVELOPMENT PROGRAMME ON MAT LAB AND ITS APPLICATIONS A REPORT

Faculty development Cell had organized Faculty Development Programme on **Mat Lab and its Applications** on 12<sup>th</sup> Sept, 2016. On an Ice Breaking note resource persons- Mr. Usmani and Mr. Mandhatya from Exponential Math Factor Pvt. Limited were introduced with the participants and made them aware about the objective of the session.

Programme started with an Introduction of the Mat Lab and followed by Hands on Session where faculty members were taught about the practical applications of the Mat Lab tools and its techniques. It was a fruitful interactive session in which all the discussions were held related to its application in doctoral and M.Phil. Thesis. Session was well appreciated by all the faculty members who attended the same.

## CAREER COUNSELING

A career counseling session was conducted in February 2016 by CDS INTERNATIONAL in the Institute for all courses. The session was regarding the knowledge of

various International Universities and different opportunities to do higher studies overseas. The team guided students to identify, recognized and reputed universities so that students should not become prey to fraud agents. They emphasized that students should have exposure of international education system, that will help them to discover themselves while gaining an understanding of a different culture

## EMPLOYABILITY SKILLS

An interactive session was conducted by Search Square in the Institute for all courses in February 2016. The trainer discussed a unique modular programme on Employability Skills, i.e. "THE FINISHING TOUCH", which helps a fresh college student to understand the requirements of an organization and trains the students to meet the expectations of the organization helping him/her to crack the interviews. Moreover, the programme not only prepares the students for a job in a particular organization but also for the overall growth of the student to stay in an organization and keep growing on the career ladder. The session was well appreciated by the students
